Background

I am a recent Computer Engineering graduate from Georgia Southern University looking for work in the Metro Atlanta area. I am skilled in Javascript, CSS, and multiple other languages as displayed below. I have strong leadership skills due to my time in the Southern Pride Marching Band drumline in a leadership role for 3 years. Along with marching band I have spent a lot of time being involved in team projects especially in the months leading up to my graduation.

Skills

Languages

JavaScript(ES6+), CSS, HTML, SQL
Python, Java

Frameworks

React, Express, Node

Tools

PostgreSQL, Git, Netlify

Design

Adobe Xd, Sketch, Adobe
Illustrator

Education

Georgia Southern University
